Cherry Valley Sewer District Annual Meeting

The Cherry Valley Sewer District’s Annual Meeting will be held **Thursday, May 28, 2026, at 7:00 PM** at the Leicester Town Hall Auditorium, 3 Washburn Square, Leicester, MA 01524. To be eligible to vote at the annual meeting, you must be a registered voter with the Town of Leicester and within the boundaries of the Cherry Valley Sewer District.

Warrant articles will be posted prior to the meeting at www.cvrwd.com or call 508-892-9616 for more information.

Water Use Restriction

**Mandatory Water Use Restriction
May 1, 2026, through September 30, 2026**

The Board of Water Commissioners wishes to announce the activation of the mandatory water use restriction for Cherry Valley and Rochdale Water District customers effective May 1, 2026.

Under the restriction, all nonessential outdoor water use is not allowed between 9 a.m. to 5 p.m. Nonessential water use includes irrigation of lawns by sprinklers and automatic sprinkler systems, washing of vehicles and washing of exterior building surfaces, parking lots and driveways. Use of handheld hoses for plants and gardens is allowed.

Under the District's Rules and Regulations, failure to comply with this mandatory restriction program will first result in a written warning. Subsequent violations can result in fines, the discontinuance of water service with a termination and restoration fee.

The mandatory water use restriction is a requirement under the MassDEP Water Management Act Permit and will be effective each year between May 1 and September 30.

A detailed review of the District's Outdoor Water Use Regulation can be viewed at www.cvrwd.com.

HYDRANT FLUSHING

The Cherry Valley and Rochdale Water District will conduct its bi-annual hydrant-flushing program beginning **April 21, 2026 – May 20, 2026, in the Cherry Valley and Rochdale/Oxford Service area**. District employees will flush hydrants daily between 7:00 A.M. and 2:30 P.M.

The purpose of the flushing is to remove sediment buildup in the water mains. Residents may experience some temporary discoloration of their water during this period. Allowing water to run by opening the kitchen cold water faucet for a few minutes will generally clear up this problem. The discoloration might stain your laundry, especially white materials. Therefore, we recommend that you avoid doing laundry while discoloration exists. A daily schedule will be available to view on the District's Website at www.cvrwd.com.

If you have any questions, please call 508-892-9616.
